Claims 1-6 and 8-42 are presented for examination.

The amendments and remarks filed on August 22, 2007 have been received and entered.

Claims 1-6 and 8-42 are rejected under 35 U.S.C. 103 (a) as being unpatentable over Ueno (US 6,566,398) in view of Yano et al. (submitted by the applicant), Troyer et al. (US 6,506,412) and Schneider et al. (US 6,353,022) for the reasons set forth on pages 2-4 of the office action of July 26, 2006 and page 2 of the office action of May 22, 2007.

Applicant's arguments and remarks have been carefully considered, but are not deemed to be persuasive. Applicant alleges criticality to the high concentrations of EPA and DHA. The allegation is not well taken, considering that Troyer et al. teach the combination of omega-3 fatty acids, omega-6 fatty acids and GLA at least 94 mg. Furthermore, the determination of optimum proportions or amounts are considered to be within the skill of the art in the absence of evidence to the contrary. The combination of relied upon references clearly teach the combination of DHA and EPA for the treatment of dry eye. The references also make clear that Vitamin B12 has been previously used as an antioxidant in compositions used for the treatment of dry eye. Applicant has presented no evidence to establish the unexpected or unobvious nature of the claimed invention, and as such, claims 1-6 and 8-42 are properly rejected under 35 U.S.C. 103.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
